Financial Aid for Colleges

- All college bound seniors will be filing a FAFSA form (students may not file before January 1st) in order to determine their eligibility for financial aid. Some colleges also require the CSS Profile. Students should check with their colleges to see if the Profile is required.
- Scholarships searches on the Internet may be found at several websites, including these below.

In addition, students are encouraged to check the scholarship file in the guidance office each week, for any new scholarships. Scholarships are also printed in the daily announcements.
